Dear Parent/Carer

**Re: Modern Language Magazines**

Modern Languages magazines, published by specialist educational publisher Mary Glasgow, are used by many language learners across the country. The magazines are targeted at specific year groups with content appropriate to their age and stage of language learning. Subscribers to the magazine may also access a website which is designed to supplement the magazines with audio, video and practice activities.

If you would like your son/daughter to have a subscription to a Mary Glasgow Modern Languages magazine, I can order these for a discounted price of £8 (usual price £15). For this price, your son/daughter will receive five full colour magazines (approx 15 pages) across the school year as well as access to the website.

The website [www.maryglasgowplus.com](http://www.maryglasgowplus.com) has more information and sample pages from the magazines.

Should you wish to place an order, please complete the form below and return it with the correct payment to the Finance Office by Friday 14 October 2011 (cheques payable to Beaumont School).

Yours sincerely

S.R. Lutz (Mrs)
