

## Post 16 Information Evening

Dear Parents and Students

As discussed during our Consortium Information Evening in November, each school will be hosting their own evening. Students will be able to learn more about the courses available in the Sixth Form and speak to the subject tutors.

On the reverse of this letter is a list of courses which **may** be available across the Consortium. The format for each evening will vary slightly from school to school, but will involve a general presentation for students of that school, followed by discussions with staff for each subject on offer. Students will receive a prospectus from their home school before the Open Evening and further subject information will be available from the consortium website, [www.beausandver.org.uk](http://www.beausandver.org.uk).

For subjects not offered at your home school we recommend that students attend one or both of the evenings at the other two schools as necessary, you need only attend the presentation in your home school.
