

8 September 2009

Dear Parents

### **YEAR 12 PARENT INFORMATION EVENING – 22 SEPTEMBER 2009**

On entering the Sixth Form, students discover that the way of working and studying is quite different from that in the Lower School. There is an expectation that Sixth Formers take on additional responsibilities including organising their own time, independent research and assessing their own progress. In addition, various recent changes to the Sixth Form curriculum have made the options for students broader but also more complex.

Parents, tutors and the Sixth Form Management Team play an important role in supporting students throughout their courses. To help strengthen this partnership we invite you to a meeting on **Tuesday, 22 September at 7.00pm**. During this meeting we would like to highlight some of the different procedures, events and challenges in the Sixth Form and parents will have the opportunity to meet the relevant tutor (students are not expected to attend this evening). We will meet in the School Hall at 7.00pm and expect to finish by 8.30pm.

We hope that you will be able to attend this important meeting at the start of Sixth Form life, and I look forward to meeting you all.

Yours sincerely

P de Kort  
Head of Sixth Form
