

3 November 2011

Dear Year 11 parents/carers

Re: Support sessions for GCSE Sciences: Y11 Resits

Your son/daughter may be one of a number of Year 11 students that are taking resits in January of last summer's GCSE Science papers.

If so, we encourage them very strongly to start their revision now. If they leave it until the Christmas holidays then there will not be enough time to thoroughly learn all areas of the syllabus.

We are offering support sessions on Thursday lunchtimes, intended for students who have started their revision. We hope they will arrive at the session with problem areas that we can then address in small groups. We are aiming for a "tutorial" style rather than "whole-class teaching" as we believe that this will be more helpful at this stage.

Thursday, 12:50pm, Room 45	Teacher	Subjects covered
10 th November	Mr Lubinski	Physics
17 th November	Mr Lavin	Biology
24 th November	Mr Sargen	Physics, Chemistry
1 st December	Mr Trigg	Chemistry
8 th December	Dr Jones	Biology, Chemistry
15 th December	Mr Lavin	Biology

Please encourage your son/daughter to make use of this extra support.

With thanks.

Yours sincerely

G Sargen
Head of Science
