

November 2011

Dear Parent/Carer

Re: Science Club - Astronomy Activities

On Monday 7 November 2011, your son/daughter has the opportunity to take part in some excellent astronomy activities at the school.

This begins at 7pm and will finish no later than 9pm. Leading the activities will be a parent of a student, Martin Lewis, an amateur astronomer with many years experience and excellent observing equipment. Mr Lloyd will also be present at the school to assist with the activity. We will meet in room 42.

If the conditions are clear, we will be going outside on the field, so it is advisable for your son/daughter to bring warm clothing. If conditions are not clear then we will be doing a series of activities and presentations that Mr Lewis has planned.

Please complete the form below to indicate that your son/daughter is able to take part in this activity and return it by Monday 7 November 2011 and their method of transport to and from the school. As this is an after school activity, you are responsible for your son's/daughter's transport to and from the school.

Yours sincerely

Mr S. Lloyd
Science Club Co-ordinator

To: **Mr Stuart Lloyd, Science Club Co-ordinator**

I/we confirm receipt of your letter regarding Science Club.

I do/do not agree to my son/daughter attending the astronomy activities on Monday 7 November.

I have organised the following method of transport.....
